- NHK World TV
- NHK World Radio Japan

Confirm safety

Phone connections may be difficult.

Contact people through SNS.

Step 04

Should I evacuate?

If you are at school or work, remain there.

School • Work

School • Work + Fire > Evacuation Area

If you feel unsafe where you are, go to an Evacuation Area. Decide on a place to meet up with family.

Bunkyo-ku

Evacuation Areas • Facilities for the temporary stay of commuters having difficulty returning home

What is an Evacuation Area?
It is a safe shelter in case of disasters such as fire and earthquake.

What is a facility for the temporary stay of commuters having difficulty returning home?
These facilities are temporary shelter for people having difficulty returning home and have no place to go in a disaster. There are 11 such facilities in Bunkyo-ku.
